About The Charity

YOUR SUPPORT HELPS ENSURE NO YOUNG PERSON
FACES THEIR CHALLENGES ALONE.

For over 36 years, KHP has evolved our response and offerings. We concentrate on staying relevant to youth, recognizing the complexity of issues they face, and we help to ensure our professional counsellors and volunteer crisis responders are ready to address young people's continuum of emotional and mental health needs, from crisis situations to the everyday concerns of growing up. Because no challenge is too big, and no feeling is too small.

You can help unlock the hope young people need to thrive in their world.

Kids Help Phone is Canada's only free, national, 24/7, multilingual and confidential e-mental health service for youth in Canada.

YOUR HELP MEANS EVERYTHING. HERE'S THE DIFFERENCE YOU MAKE POSSIBLE:

Did
You
Know

78% of youth reaching out to Kids Help Phone shared something with us they've never told anyone else.

82% say they feel less upset and more hopeful after interacting with Kids Help Phone.

44% of young people connecting with Kids Help Phone wouldn't have done anything else to get support.

4% would have gone to the Emergency Room.

With your support, Kids Help Phone can answer when young people ask, "Can you help me feel better?"
